2. To be used as a stimulus to increase inter-society activities.
3. Particularly suited to increase the enrollment of gymnasium classes.
4. To be used as recognition awards for services rendered by Turners in their leadership in Society, Group Work, and Class Activities.

Write for additional copies of this Catalogue. They are offered free to all societies of the American Turnerbund.

As a Turner you have much to be proud of.

The American Turners individually and as a group have an enviable record gained through service in defending the institutions of the United States.

The American Turners introduced health and physical education into the public schools and through the Turner Normal College have supplied teachers — men and women — trained to aid in its spread and development.
